Children's Education Programme: Summer 2015

Children's Education Programme for the Summer of 2015 provides a set of tailored programmes for your children. The workshops will be taught by professional artists, and they are designed to encourage participants to be creative and to enrich their knowledge of art and enhance their art and communication skills. Children will learn new methods of art making and create their own artworks. The programme runs from 3 of August through 5 of September, 2015.

Location: Collections Building, Arts Area

**For further information and to register please:
email education@sharjahart.org or call 06 568 5050.**

All events are free and open to the public.

Material is provided by Sharjah Art Foundation.

WORKSHOPS

Story of an Object (7+)

3 August
10:00 am - 1:00 pm

Children in this workshop will be selecting an object randomly, and they will be encouraged to imagine this object out of its usual context. They will build a character for this object and develop a story behind it. The story has to be in specific location and with no human characters. This workshop will focus on the skills of creating a storyline and translating them into a short illustrated story.

Still Life -Food Art (3-9)

15 August
10:00 am - 1:00 pm

In this workshop participant will learn how to use plates as canvas and food as paint to create food art. Children will enjoy learning about colors and shapes by cutting fruits and vegetables to create an art work. They will convert their art into 2D photograph or painting.

Edit and Post (10-18)

22 August
10:00 am - 1:00 pm

This workshop will start with a tour to the Vantage Point Sharjah 3 exhibition where participants will discuss the still life photographs. They will learn about filters, editing images and the value of editing followed by session of how to use one of the editing applications (software).

Layered Still Life (7+)

29 August
10:00 am - 1:00 pm

In this workshop children will focus on each single element of a still life on its own before including it in a final composition. Participant will draw their still life, and by giving them different colors of transparent papers, they will create overlap and collage still life artwork.

Step by Step Drawing (3+)

5 September
10:00 am - 1:00 pm

In this workshop participant will visit the Vantage Point Sharjah 3 exhibition to discuss few of the participating still life artwork. In the visit they will discuss about concepts such composition, distance, negative space and under painting, all to understand the still life. Children will practically apply what they discussed by painting a still life object.
